Background (3D)

A screenshot of a web browser window showing the ZenPatient application. The title bar reads "Chirurgien - Application". The address bar shows "Non sécurisé | ganesha.org.uk/chirurgien/". The header features a blue navigation bar with the "ZenPatient" logo (a green doctor icon) and the words "Accueil" and "Rechercher". The main content area has a light blue background and displays the text "Application pour gérer ses patients" in large black font, followed by "Avec cette application vous pouvez gérer vos patients" in smaller black font, and a blue "Login" button.

The screenshot displays the 'Welcome window' of the GET application. At the top, there's a navigation bar with links for ENTITIES, RELATIONS, DASHBOARDS, CASE MANAGEMENT, and PARAMETERS, along with a user account for 'Administrator'. Below the navigation is a main content area divided into several sections:

- Current Cases:** A table showing three rows of case information: ID, Case Title, Case Type, Case target name, Amount, Case Status, Case sub-status, Creation Date, and Follower.
- Alert statistics:** A section displaying average scores and occurrence counts for Overall Score and (CM) Revised score across different program identifiers (Op. program ident.). It includes a tooltip for 'Global average' showing Overall Score = 8.00 and (CM) Revised score = -.
- Dashboard summaries:** Two tables side-by-side.
 - Projects (Global):** Columns include Name (Generic), Case status, ICM Revised Score, Overall Score, Project ID, and Benefit turn over.
 - Beneficiaries (Global):** Columns include Name (Generic), Total grants amount, EC. Type, and VAT Number (E.C).

A vertical sidebar on the right contains a 'More Dashboard' button with a right-pointing arrow.

Welcome to People & Technology's Cloud Services!

Our state-of-the-art Cloud platform is located in Belgium and ready to help all businesses with their IT.

People & Technology's Cloud solution is ideal for companies who want to focus on their Business all while having an efficient, secure and performing IT.

For big companies who already have invested in their IT, datacenter and staff, People & Technology's Cloud provides:

- A capacity solution (a virtual server for a peak load activity)
- A BCP/DRP solution
- An outsourcing solution

For smaller companies, our cloud platform provides the following advantages:

- A professional, secure, IT solution up and running immediately
- No need to invest in an infrastructure, data center, etc...
- Only pay what you consume
- Grow as you want
